Subject Index

Abdominal wall

- abdominal wall competence in transverse abdominal island flap operations (Hartrampf), 139

Abdominoplasty

- T abdominoplasty to remove multiple scars from the abdomen (de Castro et al), *case report*, 369

Accidents, traffic

- nasal degloving injuries (Hallock), *case report*, 537

Adolescence

- late results of multidisciplinary management of unilateral cleft lip and palate (Bardach et al), 235

American Society for Aesthetic Plastic Surgery

- Hollywood suction follies (Vilain), *letter*, 93

American Society of Maxillofacial Surgeons

- Dallas platysmas (Vilain), *letter*, 485

American Society of Plastic and Reconstructive Surgeons

- Dallas platysmas (Vilain), *letter*, 485

Amputation, traumatic

- island pedicle rotation advancement gastrocnemius musculocutaneous flap for complete coverage of the popliteal fossa (Ersek et al), *case report*, 533

Anemia

- fluosol-DA, a perfluorochemical oxygen-transport fluid for the management of a trochanteric pressure sore in a Jehovah's Witness (Brown et al), *case report*, 449

Anesthesia, complications

- plastic surgery quiz* (Minami), 297 (answers, 302)

Annals of Plastic Surgery

- Annals* welcomes new board members, *message from the editor*, 1

Antidiuretic syndrome, inappropriate secretion. See Inappropriate ADH syndrome

Areola

- congenital unilateral hypoplasia of the female breast associated with a large melanotic spot, report of two cases (Zubowicz and Bostwick), *case report*, 204
- three dermal pedicles for nipple-areola complex movement in reduction of gigantomastia (Cardoso et al), 419

Arm, upper

- lateral upper arm flap, anatomy and clinical applications (Katsaros et al), 489

Arteries

- influence of dryness of the vessel on its patency (Takanagi and Ota), 525

Arteriovenous fistulas

- hemangiomas and vascular malformations (Wisnicki), overview, 41

Azaserine

- prolonged survival of human-kidney homografts by immunosuppressive drug therapy (Murray et al), *milestones in modern plastic surgery*, 70

Baboon

- implantation of sensory nerve into muscle, preliminary clinical and experimental observations on neuroma formation (Dellon et al), 30

Basal cell nevus syndrome

- plastic surgery quiz* (Minami), 297 (answers, 302)

Biobrane

- decrease in rate of wound contraction with the temporary skin substitute Biobrane (Frank et al), 519

Blepharoplasty

- SAFE, practical guide to psychological factors in selecting patients for facial cosmetic surgery (Lavell and Lewis), 256

Blood transfusion

- fluosol-DA, a perfluorochemical oxygen-transport fluid for the management of a trochanteric pressure sore in a Jehovah's Witness (Brown et al), *case report*, 449

Bone chips

- immediate reconstruction of the lower jaw following surgical excision of large tumors (Marino et al), *milestones in modern plastic surgery*, 378

Bone neoplasms

- multiple chondrosarcomas of the hand (Gargan et al), *case report*, 542

Bone transplantation

- addendum (Kiehn), *milestones in modern plastic surgery*, 296

- background (Marino), *milestones in modern plastic surgery*, 384

- deformity of nasal dorsum through loss of substance, correction by bone grafting (Farina), *milestones in modern plastic surgery*, 466

- immediate reconstruction of the lower jaw following surgical excision of large tumors (Marino et al), *milestones in modern plastic surgery*, 378

- interview with Roberto Farina (Baroudi), *milestones in modern plastic surgery*, 475

- study of the vascularization of experimental bone grafts by means of radioactive phosphorus and the transparent chamber (Kiehn et al), *milestones in modern plastic surgery*, 287

Book critiques

- Aesthetic and Reconstructive Breast Surgery*, by Bostwick (Vistnes), 92

- Biocompatible Polymers, Metals, and Composites*, edited by Szycher (Rubin), 574

- Manual of Patient Care in Plastic Surgery*, edited by Barrett (Bunkis), 395

- Operative Hand Surgery*, volumes 1 and 2, edited by Green (Kim), 394

- Osteochondral Allografts*, by Friedlaender et al (Vistnes), 574

- Problems in General Surgery*, by Pickleman (Merrell), 92

January issue, pp 1-96; February issue, pp 97-212; March issue, pp 213-304; April issue, pp 305-396; May issue, pp 397-488; June issue, pp 489-586.

- Breast**
 delayed extrusion of inflatable breast prostheses (Schmidt), *letter*, 96
- Breast abnormalities**
 congenital unilateral hypoplasia of the female breast associated with a large melanotic spot, report of two cases (Zubowicz and Bostwick), *case report*, 204
- Breast asymmetry**
 unusual approach to a case of breast asymmetry (Cronin and Romero), *case report*, 461
- Breast augmentation**
 carcinoma in augmented breasts (Gottlieb et al), *case report*, 67
 method of explaining capsular scar contracture to patients (Riefkohl), *letter*, 396
- Breast hypoplasia, unilateral**
 congenital unilateral hypoplasia of the female breast associated with a large melanotic spot, report of two cases (Zubowicz and Bostwick), *case report*, 204
- Breast neoplasms**
 breast reconstruction, a review (Kincaid), *overview*, 431
 carcinoma in augmented breasts (Gottlieb et al), *case report*, 67
 subcutaneous mastectomy, an interim report on 1,244 patients (Pennisi and Capozzi), 340
- Breast reconstruction**
 abdominal wall competence in transverse abdominal island flap operations (Hartrampf), 139
 breast reconstruction, a review (Kincaid), *overview*, 431
plastic surgery quiz (Minami), 297 (answers, 302)
 reconstruction of breast following mastectomy with polyurethane-covered, gel-filled prostheses (Schatten), 147
 transverse abdominal island flap (Gandolfo), *letter*, 299
- Breast reduction**
 three dermal pedicles for nipple-areola complex movement in reduction of gigantomastia (Cardoso et al), 419
- Burns**
 decrease in rate of wound contraction with the temporary skin substitute Biobrane (Frank et al), 519
- Burns, electrical**
 "true" high-tension electrical injuries (Luce and Gottlieb), 321
- Burns, high voltage**
 "true" high-tension electrical injuries (Luce and Gottlieb), 321
- Calvarium**
 coverage of the calvarium with a free parascapular flap (Chiu et al), *case report*, 60
- Capsule contracture**
 capsule contracture in animals can be characterized by gross deformation of prostheses and surrounding tissue (Ksander and Vismes), 25
 effects of intraprosthetic methylprednisolone on implant capsules and surrounding soft tissue (Caffee), 348
 method of explaining capsular scar contracture to patients (Riefkohl), *letter*, 396
- Carcinoma**
 carcinoma in augmented breasts (Gottlieb et al), *case report*, 67
- Carcinoma, basal cell**
 facial pain due to perineural invasion by basal cell carcinoma (Eng and Vasconez), *case report*, 374
- Carcinoma, in situ**
 subcutaneous mastectomy, an interim report on 1,244 patients (Pennisi and Capozzi), 340
- Carpal tunnel syndrome**
 periosteal chondroma, another cause of carpal tunnel syndrome (Gahhos and Cuono), *case report*, 275
- Cartilage transplantation**
 processed bovine cartilage, an improved biosynthetic implant for contour defects (Ersek et al), 397
- Case reports**
 benign sequelae of a transorbital stab wound, an unusual case report (Hickman), 279
 carcinoma in augmented breasts (Gottlieb et al), 67
 congenital unilateral hypoplasia of the female breast associated with a large melanotic spot, report of two cases (Zubowicz and Bostwick), 204
 coverage of the calvarium with a free parascapular flap (Chiu et al), 60
 ectropion and epiphora in McArdle's syndrome (Lawrence et al), 284
 facial pain due to perineural invasion by basal cell carcinoma (Eng and Vasconez), 374
 fluosol-DA, a perfluorochemical oxygen-transport fluid for the management of a trochanteric pressure sore in a Jehovah's Witness (Brown et al), 449
 folded skin with lipomatous nevus in the forehead and scalp (Ohtsuka et al), 364
 island pedicle rotation advancement gastrocnemius musculocutaneous flap for complete coverage of the popliteal fossa (Ersek et al), 533
 malignant melanoma without metastasis in a giant nevus (Borges and Lineberger), 454
 multiple chondrosarcomas of the hand (Gargan et al), 542
 nasal degloving injuries (Hallock), 537
 periosteal chondroma, another cause of carpal tunnel syndrome (Gahhos and Cuono), 275
 skin ulceration induced by kerosene injection (Qaryoute), 361
 syndrome of inappropriate secretion of antidiuretic hormone associated with cleft palate, report of a case and review of the literature (Coleman), 207
 T abdominoplasty to remove multiple scars from the abdomen (de Castro et al), 369
 unusual approach to a case of breast asymmetry (Cronin and Romero), 461
- Cattle**
 processed bovine cartilage, an improved biosynthetic implant for contour defects (Ersek et al), 397
- Child**
 review of usage of argon and carbon dioxide lasers for pediatric hemangiomas (Apfelberg et al), *overview*, 353

- Chondroma**
periosteal chondroma, another cause of carpal tunnel syndrome (Gahhos and Cuono), *case report*, 275
- Chondrosarcoma**
multiple chondrosarcomas of the hand (Gargan et al), *case report*, 542
- Cicatrix**
T abdominoplasty to remove multiple scars from the abdomen (de Castro et al), *case report*, 369
- Cleft lip**
bilateral cleft lip and palate, presurgical treatment (Rutrick et al), 105
bilateral cleft lip repair, "putting it all together" (Black and Scheffan), 118
cleft lip nasal deformity (Broadbent and Woolf), 216
cleft lip type nasal deformity, definitive repair (Black et al), 128
comparison of three techniques of palatorrhaphy, early speech results (Holtmann et al), 514
late results of multidisciplinary management of unilateral cleft lip and palate (Bardach et al), 235
- Cleft palate**
bilateral cleft lip and palate, presurgical treatment (Rutrick et al), 105
comparison of three techniques of palatorrhaphy, early speech results (Holtmann et al), 514
late results of multidisciplinary management of unilateral cleft lip and palate (Bardach et al), 235
syndrome of inappropriate secretion of antidiuretic hormone associated with cleft palate, report of a case and review of the literature (Coleman), *case report*, 207
- Cleft palate prosthesis**
bilateral cleft lip and palate, presurgical treatment (Rutrick et al), 105
- Colostomy**
hidradenitis suppurativa (Tofield), *letter*, 95
- Cranial nerve, fifth**
facial pain due to perineural invasion by basal cell carcinoma (Eng and Vasconez), *case report*, 374
- Cranial nerve neoplasms**
facial pain due to perineural invasion by basal cell carcinoma (Eng and Vasconez), *case report*, 374
- Cyclosporin A**
use of cyclosporin A in allotransplantation of rat limbs (Kim et al), 249
- Decubitus ulcer**
fluosol-DA, a perfluorochemical oxygen-transport fluid for the management of a trochanteric pressure sore in a Jehovah's Witness (Brown et al), *case report*, 449
methods of providing sensation to anesthetic areas (Coleman and Jurkiewicz), 177
- Degloving injuries**
nasal degloving injuries (Hallock), *case report*, 537
- Denervation**
denervated muscle flaps, mass and thickness changes following denervation (Hagerty et al), 171
- Diamond burr**
diamond burr otoplasty (Eriksson), *letter*, 396
- Disinfection**
universal sterilization principle and a corollary (Furnas), *gadgetry*, 387
- Dog**
denervated muscle flaps, mass and thickness changes following denervation (Hagerty et al), 171
- Dryness**
influence of dryness of the vessel on its patency (Takanagi and Ota), 525
- Ear, external**
diamond burr otoplasty (Eriksson), *letter*, 396
- Ectropion**
ectropion and epiphora in McArdle's syndrome (Lawrence et al), *case report*, 284
- Editorial policy**
simultaneous manuscript submission to more than one journal (Vistnes and Goldwyn), *editorial*, 214
- Electrocardiography**
"true" high-tension electrical injuries (Luce and Gottlieb), 321
- Emory University School of Medicine**
Annals features Emory University (Vistnes), *editor's introduction to the Emory issue*, 97
guest editor's introduction to the Emory issue (Jurkiewicz), 98
- Epigastric artery**
superficial inferior epigastric artery flap for coverage of hand and forearm defects (Stevenson et al), 333
upper transverse rectus abdominis flap, the flag flap (De la Plaza et al), 410
- Epinephrine**
plastic surgery quiz (Minami), 297 (answers, 302)
- Epiphora**
ectropion and epiphora in McArdle's syndrome (Lawrence et al), *case report*, 284
- Extremities transplantation**
use of cyclosporin A in allotransplantation of rat limbs (Kim et al), 249
- Face**
flexibility in face lift technique (Lewis), 157
- Face abnormalities**
facial contour reconstruction with free flaps (Tweed et al), 313
- Face lift. See Rhytidectomy**
- Face peel, chemical**
plastic surgery quiz (Minami), 297 (answers, 302)
- Facial asymmetries**
asymmetries in nostrils and the surrounding tissues of the soft nose, a morphometric study (Farkas et al), 10
- Facial hemiatrophy**
facial contour reconstruction with free flaps (Tweed et al), 313
- Facial muscles**
masseter muscle hypertrophy (Riefkohl et al), *overview*, 528

- Farina, Roberto
interview with Roberto Farina (Baroudi), *milestones in modern plastic surgery*, 475
- Fasciocutaneous flap
plastic surgery quiz (Minami), 297 (answers, 302)
- Fibrocystic disease of breast
subcutaneous mastectomy, an interim report on 1,244 patients (Pennisi and Capozzi), 340
- Fingers
early mobilization of repaired flexor tendons within digital sheath using an internal profundus splint, experimental and clinical data (Hester et al), 187
- Flag flap
upper transverse rectus abdominis flap, the flag flap (De la Plaza et al), 410
- Flap selection
musculocutaneous flap or muscle flap and skin graft? (Nahai and Mathes), 199
- Fluosol-DA
fluosol-DA, a perfluorochemical oxygen-transport fluid for the management of a trochanteric pressure sore in a Jehovah's Witness (Brown et al), *case report*, 449
- Foot
neurovascular island flaps from the plantar vessels and nerves for foot reconstruction (Colen and Buncke), 327
- Foot, plantar region
retrospective study of thick split-thickness plantar skin grafts to resurface the palm (Nakamura et al), 508
- Forceps, hooked
hooked forceps (Peled), *gadgetry*, 385
- Forearm injuries
superficial inferior epigastric artery flap for coverage of hand and forearm defects (Stevenson et al), 333
- Forehead
folded skin with lipomatous nevus in the forehead and scalp (Ohtsuka et al), *case report*, 364
- Gadgetry
hooked forceps (Peled), 385
maintaining the first knot in instrument tying (Wittels), 483
skin fish hook (Peled), 573
technical aid in transoral wiring of mandibular fractures (Hickman and Beck), 90
universal sterilization principle and a corollary (Furnas), 387
- Gangrene, Fournier's
plastic surgery quiz (Minami), 297 (answers, 302)
- Gastrocnemius musculocutaneous flap
island pedicle rotation advancement gastrocnemius musculocutaneous flap for complete coverage of the popliteal fossa (Ersek et al), *case report*, 533
- Gigantomastia
three dermal pedicles for nipple-areola complex movement in reduction of gigantomastia (Cardoso et al), 419
- Gingiva
improvement of the gummy smile using the implant spacer technique (Ellenbogen and Swara), 16
- Gluteus maximus
surgical repair of large meningocele (Lehrman and Owen), 501
- Glycogenesis V
ectropion and epiphora in McArdle's syndrome (Lawrence et al), *case report*, 284
- Graft survival
addendum (Kiehn), *milestones in modern plastic surgery*, 296
processed bovine cartilage, an improved biosynthetic implant for contour defects, (Ersek et al), 397
study of the vascularization of experimental bone grafts by means of radioactive phosphorus and the transparent chamber (Kiehn et al), *milestones in modern plastic surgery*, 287
- Granulation tissue
effects of protein malnutrition on wound contraction, an experimental study (Modolin et al), 428
- Groin flap
facial contour reconstruction with free flaps (Tweed et al), 313
- Hamm, William G.
William G. Hamm, M.D. (Jurkiewicz), *introduction of honorary guest editor*, 100
- Hand
multiple chondrosarcomas of the hand (Gargan et al), *case report*, 542
restoration of function and balance in wrist and hand by tendon transfers (White), *milestones in modern plastic surgery*, 547
- Hand injuries
superficial inferior epigastric artery flap for coverage of hand and forearm defects (Stevenson et al), 333
- Harvard Medical School
interview with Joseph E. Murray (Noe), *milestones in modern plastic surgery*, 84
- Hemangioma
hemangiomas and vascular malformations (Wisnicki), *overview*, 41
review of usage of argon and carbon dioxide lasers for pediatric hemangiomas (Apfelberg et al), *overview*, 353
- Hematoma
tri-plane face lift dissection (Hamra), 268
- History of medicine, 20th century
development of plastic surgery during the past sixty years (Hamm), 102
- Hyperalimentation, intravenous
hidradenitis suppurativa (Tofield), *letter*, 95
- Hyperpigmentation
congenital unilateral hypoplasia of the female breast associated with a large melanotic spot, report of two cases (Zubowicz and Bostwick), *case report*, 204
- Hypersensitivity
plastic surgery quiz (Minami), 297 (answers, 302)
- Immunosuppression
prolonged survival of human-kidney homografts by im-

- Immunosuppression (continued)**
 immunosuppressive drug therapy (Murray et al), *milestones in modern plastic surgery*, 70
- Implants, artificial**
 capsule contracture in animals can be characterized by gross deformation of prostheses and surrounding tissue (Ksander and Vistnes), 25
 effects of intraprostatic methylprednisolone on implant capsules and surrounding soft tissue (Caffee), 348
 improvement of the gummy smile using the implant spacer technique (Ellenbogen and Swara), 16
 reconstruction of breast following mastectomy with polyurethane-covered, gel-filled prostheses (Schatten), 147
 unusual approach to a case of breast asymmetry (Cronin and Romero), *case report*, 461
- Imuran**
 prolonged survival of human-kidney homografts by immunosuppressive drug therapy (Murray et al), *milestones in modern plastic surgery*, 70
- Inappropriate ADH syndrome**
 syndrome of inappropriate secretion of antidiuretic hormone associated with cleft palate, report of a case and review of the literature (Coleman), *case report*, 207
- Infant**
 bilateral cleft lip and palate, presurgical treatment (Rutrick et al), 105
 bilateral cleft lip repair, "putting it all together" (Black and Schefflan), 118
 cleft lip type nasal deformity, definitive repair (Black et al), 128
- Internship and residency**
 guest editor's introduction to the Emory issue (Jurkiewicz), 98
- Jaw neoplasms**
 immediate reconstruction of the lower jaw following surgical excision of large tumors (Marino et al), *milestones in modern plastic surgery*, 378
- Jehovah's Witness**
 fluosol-DA, a perfluorochemical oxygen-transport fluid for the management of a trochanteric pressure sore in a Jehovah's Witness (Brown et al), *case report*, 449
- Kerosene**
 skin ulceration induced by kerosene injection (Qaryoute), *case report*, 361
- Kidney transplantation**
 prolonged survival of human-kidney homografts by immunosuppressive drug therapy (Murray et al), *milestones in modern plastic surgery*, 70
- Knots**
 maintaining the first knot in instrument tying (Wittels), *gadgetry*, 483
- Lasers**
 review of usage of argon and carbon dioxide lasers for pediatric hemangiomas (Apfelberg et al), *overview*, 353
- Lateral upper arm flap**
 lateral upper arm flap, anatomy and clinical applications (Katsaros et al), 489
- Latissimus dorsi**
 surgical repair of large meningomyeloceles (Lehrman and Owen), 501
- Latissimus dorsi muscle**
 denervated muscle flaps, mass and thickness changes following denervation (Hagerty et al), 171
- Latissimus dorsi musculocutaneous flap**
 denervated muscle flaps, mass and thickness changes following denervation (Hagerty et al), 171
 latissimus dorsi musculocutaneous flap in postthoracotomy patient (Wiemer), *letter*, 301
- Leg injuries**
 island pedicle rotation advancement gastrocnemius musculocutaneous flap for complete coverage of the popliteal fossa (Ersek et al), *case report*, 533
- Letters**
 Dallas platysmas (Vilain), 485
 delayed extrusion of inflatable breast prostheses (Schmidt), 96
 diamond burr otoplasty (Eriksson), 396
 hidradenitis suppurativa (Tofield), 95
 Hollywood suction follies (Vilain), 93
 latissimus dorsi musculocutaneous flap in postthoracotomy patient (Wiemer), 301
 method of explaining capsular scar contracture to patients (Riefkohl), 396
 potential myocardial revascularization (Christ), 96
 reply to Gandolfo (Schefflan), 299
 selective use of serial expansion in breast reconstruction (Powell), 300
 transverse abdominal island flap (Gandolfo), 299
- Levator labii superioris**
 improvement of the gummy smile using the implant spacer technique (Ellenbogen and Swara), 16
- Lymphangioma**
 hemangiomas and vascular malformations (Wisnicki), *overview*, 41
- Mandibular fractures**
 technical aid in transoral wiring of mandibular fractures (Hickman and Beck), *gadgetry*, 90
- Mandibular reconstruction**
 background (Marino), *milestones in modern plastic surgery*, 384
 immediate reconstruction of the lower jaw following surgical excision of large tumors (Marino et al), *milestones in modern plastic surgery*, 378
- Masseter muscle**
 masseter muscle hypertrophy (Riefkohl et al), *overview*, 528
- Mastectomy**
 reconstruction of breast following mastectomy with polyurethane-covered, gel-filled prostheses (Schatten), 147
 subcutaneous mastectomy, an interim report on 1,244 patients (Pennisi and Capozzi), 340
- McArdle's syndrome**
 ectropion and epiphora in McArdle's syndrome (Lawrence et al), *case report*, 284

- Melanoma**
 malignant melanoma without metastasis in a giant nevus (Borges and Lineberger), *case report*, 454
 plastic surgery quiz (Minami), 297 (answers, 302)
- Meningomyelocele**
 surgical repair of large meningomyeloceles (Lehrman and Owen), 501
- Methylprednisolone**
 effects of intraprosthesis methylprednisolone on implant capsules and surrounding soft tissue (Caffee), 348
- Milestones in modern plastic surgery**
 addendum (Kiehn), *milestones in modern plastic surgery*, 296
 background (Marino), *milestones in modern plastic surgery*, 384
 deformity of nasal dorsum through loss of substance, correction by bone grafting (Farina), *milestones in modern plastic surgery*, 466
 immediate reconstruction of the lower jaw following surgical excision of large tumors (Marino et al), *milestones in modern plastic surgery*, 378
 prolonged survival of human-kidney homografts by immunosuppressive drug therapy (Murray et al), *milestones in modern plastic surgery*, 70
 restoration of function and balance in wrist and hand by tendon transfers (White), *milestones in modern plastic surgery*, 547
 study of the vascularization of experimental bone grafts by means of radioactive phosphorus and the transparent chamber (Kiehn et al), *milestones in modern plastic surgery*, 287
- Monkey, rhesus**
 early mobilization of repaired flexor tendons within digital sheath using an internal profundus splint, experimental and clinical data (Hester et al), 187
- Murray, Joseph E.**
 interview with Joseph E. Murray (Noe), *milestones in modern plastic surgery*, 84
- Muscle**
 implantation of sensory nerve into muscle, preliminary clinical and experimental observations on neuroma formation (Dellon et al), 30
- Muscle, skeletal**
 potential myocardial revascularization (Christ), *letter*, 96
- Muscle hypertrophy**
 masseter muscle hypertrophy (Riefkohl et al), *overview*, 528
- Muscular flap**
 surgical repair of large meningomyeloceles (Lehrman and Owen), 501
- Musculocutaneous flap**
 latissimus dorsi musculocutaneous flap in postthoracotomy patient (Wiemer), *letter*, 301
 methods of providing sensation to anesthetic areas (Coleman and Jurkiewicz), 177
 musculocutaneous flap or muscle flap and skin graft? (Nahai and Mathes), 199
- Myocardial revascularization**
 potential myocardial revascularization (Christ), *letter*, 96
- Myocutaneous flap**
 reply to Gandolfo (Schefflan), *letter*, 299
 transverse abdominal island flap (Gandolfo), *letter*, 299
- Myoglobinuria**
 "true" high-tension electrical injuries (Luce and Gottlieb), 321
- Namba method**
 retrospective study of thick split-thickness plantar skin grafts to resurface the palm (Nakamura et al), 508
- Neck defatting**
 flexibility in face lift technique (Lewis), 157
- Nerve fiber**
 implantation of sensory nerve into muscle, preliminary clinical and experimental observations on neuroma formation (Dellon et al), 30
- Nervous system diseases**
 methods of providing sensation to anesthetic areas (Coleman and Jurkiewicz), 177
- Neuroma**
 implantation of sensory nerve into muscle, preliminary clinical and experimental observations on neuroma formation (Dellon et al), 30
- Neurovascular island flap**
 neurovascular island flaps from the plantar vessels and nerves for foot reconstruction (Cole and Buncke), 327
- Nevus**
 malignant melanoma without metastasis in a giant nevus (Borges and Lineberger), *case report*, 454
- Nevus, lipomatous**
 folded skin with lipomatous nevus in the forehead and scalp (Ohtsuka et al), *case report*, 364
- Nipples**
 three dermal pedicles for nipple-areola complex movement in reduction of gigantomastia (Cardoso et al), 419
- Nose**
 asymmetries in nostrils and the surrounding tissues of the soft nose, a morphometric study (Farkas et al), 10
- Nose abnormalities**
 cleft lip nasal deformity (Broadbent and Woolf), 216
 cleft lip type nasal deformity, definitive repair (Black et al), 128
 deformity of nasal dorsum through loss of substance, correction by bone grafting (Farina), *milestones in modern plastic surgery*, 466
 interview with Roberto Farina (Baroudi), *milestones in modern plastic surgery*, 475
- Nose injuries**
 nasal degloving injuries (Hallock), *case report*, 537
- Nostril**
 asymmetries in nostrils and the surrounding tissues of the soft nose, a morphometric study (Farkas et al), 10
- Ollier's disease**
 multiple chondrosarcomas of the hand (Gargan et al), *case report*, 542

Orbit injuries

benign sequelae of a transorbital stab wound, an unusual case report (Hickman), *case report*, 279

Organ survival

prolonged survival of human-kidney homografts by immunosuppressive drug therapy (Murray et al), *milestones in modern plastic surgery*, 70

Outcome and process assessment

breast reconstruction, a review (Kincaid), *overview*, 431
comparison of three techniques of palatorrhaphy, early speech results (Holtmann et al), 514
restoration of function and balance in wrist and hand by tendon transfers (White), *milestones in modern plastic surgery*, 547
retrospective study of thick split-thickness plantar skin grafts to resurface the palm (Nakamura et al), 508
upper transverse rectus abdominis flap, the flag flap (De la Plaza et al), 410

Overview

breast reconstruction, a review (Kincaid), 431
hemangiomas and vascular malformations (Wisnicki), 41
masseter muscle hypertrophy (Riefkohl et al), 528
review of usage of argon and carbon dioxide lasers for pediatric hemangiomas (Apfelberg et al), 353

Palatorrhaphy

comparison of three techniques of palatorrhaphy, early speech results (Holtmann et al), 514

Palm

retrospective study of thick split-thickness plantar skin grafts to resurface the palm (Nakamura et al), 508

Paraplegia

fluorel-DA, a perfluorochemical oxygen-transport fluid for the management of a trochanteric pressure sore in a Jehovah's Witness (Brown et al), *case report*, 449

Parascapular flap

coverage of the calvarium with a free parascapular flap (Chiu et al), *case report*, 60

Patient selection

SAFE, practical guide to psychological factors in selecting patients for facial cosmetic surgery (Lavell and Lewis), 256

Penicillin

plastic surgery quiz (Minami), 297 (answers, 302)

Periosteum

periosteal chondroma, another cause of carpal tunnel syndrome (Gahhos and Cuono), *case report*, 275

Pharynx

sphincter pharyngoplasty for correction of velopharyngeal incompetence (Stratoudakis and Bambace), 243

Phosphorus

study of the vascularization of experimental bone grafts by means of radioactive phosphorus and the transparent chamber (Kiehn et al), *milestones in modern plastic surgery*, 287

Pierre Robin syndrome

syndrome of inappropriate secretion of antidiuretic hormone associated with cleft palate, report of a case and review of the literature (Coleman), *case report*, 207

Plastic and Reconstructive Surgery

simultaneous manuscript submission to more than one journal (Vistnes and Goldwyn), *editorial*, 214

Plastic surgery quiz

(Minami), 297 (answers, 302)

Platysma bands

"maxi-SMAS," management of the platysma bands in rhytidectomy (McKinney and Tresley), 260

Popliteal fossa

island pedicle rotation advancement gastrocnemius musculocutaneous flap for complete coverage of the popliteal fossa (Ersek et al), *case report*, 533

Port-wine stain

hemangiomas and vascular malformations (Wisnicki), *overview*, 41

Preoperative care

bilateral cleft lip and palate, presurgical treatment (Rutrick et al), 105

bilateral cleft lip repair "putting it all together" (Black and Scheffan), 118

Preoperative period

universal sterilization principle and a corollary (Furnas), *gadgets*, 387

Prosthesis

capsule contracture in animals can be characterized by gross deformation of prostheses and surrounding tissue (Ksander and Vistnes), 25

reconstruction of breast following mastectomy with polyurethane-covered, gel-filled prostheses (Schatten), 147

Prosthesis, inflatable

delayed extrusion of inflatable breast prostheses (Schmidt), *letter*, 96

Protein deficiency

effects of protein malnutrition on wound contraction, an experimental study (Modolin et al), 428

Rabbit

effects of intraprostatic methylprednisolone on implant capsules and surrounding soft tissue (Caffee), 348

influence of dryness of the vessel on its patency (Takanagi and Ota), 525

processed bovine cartilage, an improved biosynthetic implant for contour defects (Ersek et al), 397

Radiation

processed bovine cartilage, an improved biosynthetic implant for contour defects (Ersek et al), 397

Radovan expander

selective use of serial expansion in breast reconstruction (Powell), *letter*, 300

Rat

study of the vascularization of experimental bone grafts by means of radioactive phosphorus and the transparent

- Rat (*continued*)
 chamber (Kiehn et al), *milestones in modern plastic surgery*, 287
 use of cyclosporin A in allotransplantation of rat limbs (Kim et al), 249
- Rectus abdominis
 upper transverse rectus abdominis flap, the flag flap (De la Plaza et al), 410
- Rectus abdominis vascular island flap
 abdominal wall competence in transverse abdominal island flap operations (Hartrampf), 139
- Rhinoplasty
 improvement of the gummy smile using the implant spacer technique (Ellenbogen and Swara), 16
- Rhytidectomy
 flexibility in face lift technique (Lewis), 157
 "maxi-SMAS," management of the platysma bands in rhytidectomy (McKinney and Tresley), 260
 "SMAS" sling, an additional fixation in face lift surgery (Randall and Skiles), 5
 tri-plane face lift dissection (Hamra), 268
- Rhytidectomy, psychological aspects
 SAFE, practical guide to psychological factors in selecting patients for facial cosmetic surgery (Lavell and Lewis), 256
- Romberg's disease. *See* Facial hemiatrophy
- Saddle nose
 deformity of nasal dorsum through loss of substance, correction by bone grafting (Farina), *milestones in modern plastic surgery*, 466
- Scalp
 folded skin with lipomatous nevus in the forehead and scalp (Ohtsuka et al), *case report*, 364
- Scalp abnormalities
 skin expansion to eliminate large scalp defects (Manders et al), 305
- Scalp injuries
 coverage of the calvarium with a free parascapular flap (Chiu et al), *case report*, 60
- Scar. *See* Cicatrix
- Sensation
 methods of providing sensation to anesthetic areas (Coleman and Jurkiewicz), 177
- Silicone
 skin expansion to eliminate large scalp defects (Manders et al), 305
- Skin fish hook
 skin fish hook (Peled), *gadgetry*, 573
- Skin neoplasms
 facial pain due to perineural invasion by basal cell carcinoma (Eng and Vasconez), *case report*, 374
 folded skin with lipomatous nevus in the forehead and scalp (Ohtsuka et al), *case report*, 364
 malignant melanoma without metastasis in a giant nevus (Borges and Lineberger), *case report*, 454
- Skin, synthetic
 decrease in rate of wound contraction with the temporary skin substitute Biobrane (Frank et al), 519
- Skin transplantation
 coverage of the calvarium with a free parascapular flap (Chiu et al), *case report*, 60
 lateral upper arm flap, anatomy and clinical applications (Katsaros et al), 489
 musculocutaneous flap or muscle flap and skin graft? (Nahai and Mathes), 199
 retrospective study of thick split-thickness plantar skin grafts to resurface the palm (Nakamura et al), 508
 selective use of serial expansion in breast reconstruction (Powell), *letter*, 300
 superficial inferior epigastric artery flap for coverage of hand and forearm defects (Stevenson et al), 333
- Skin ulcer
 skin ulceration induced by kerosene injection (Qaryoute), *case report*, 361
- Skoog technique
 tri-plane face lift dissection (Hamra), 268
- SMAS sling
 "SMAS" sling, an additional fixation in face lift surgery (Randall and Skiles), 5
- Smile
 improvement of the gummy smile using the implant spacer technique (Ellenbogen and Swara), 16
- Speech
 comparison of three techniques of palatotomy, early speech results (Holtmann et al), 514
- Sphincter pharyngoplasty
 sphincter pharyngoplasty for correction of velopharyngeal incompetence (Stratoudakis and Bambace), 243
- Splints
 early mobilization of repaired flexor tendons within digital sheath using an internal profundus splint, experimental and clinical data (Hester et al), 187
- Sterilization
 universal sterilization principle and a corollary (Furnas), *gadgetry*, 387
- Superficial musculoaponeurotic system
 "maxi-SMAS," management of the platysma bands in rhytidectomy (McKinney and Tresley), 260
 "SMAS" sling, an additional fixation in face lift surgery (Randall and Skiles), 5
- Surgery, plastic
 guest editor's introduction to the Emory issue (Jurkiewicz), 98
- Surgery, plastic, history
 development of plastic surgery during the past sixty years (Hamm), 102
 interview with Joseph E. Murray (Noe), *milestones in modern plastic surgery*, 84
- Surgical flaps
 abdominal wall competence in transverse abdominal island flap operations (Hartrampf), 139

Surgical flaps (*continued*)

- coverage of the calvarium with a free parascapular flap (Chiu et al), *case report*, 60
- denervated muscle flaps, mass and thickness changes following denervation (Hagerty et al), 171
- facial contour reconstruction with free flaps (Tweed et al), 313
- island pedicle rotation advancement gastrocnemius musculocutaneous flap for complete coverage of the popliteal fossa (Ersek et al), *case report*, 533
- lateral upper arm flap, anatomy and clinical applications (Katsaros et al), 489
- musculocutaneous flap or muscle flap and skin graft? (Nahai and Mathes), 199
- neurovascular island flaps from the plantar vessels and nerves for foot reconstruction (Colen and Buncke), 327
- superficial inferior epigastric artery flap for coverage of hand and forearm defects (Stevenson et al), 333
- surgical repair of large meningocele (Lehrman and Owen), 501
- three dermal pedicles for nipple-areola complex movement in reduction of gigantomastia (Cardoso et al), 419
- upper transverse rectus abdominis flap, the flag flap (De la Plaza et al), 410
- Surgical instruments
 - hooked forceps (Peled), *gadgets*, 385
 - maintaining the first knot in instrument tying (Wittels), *gadgets*, 483
 - skin fish hook (Peled), *gadgets*, 573
- Sutures
 - maintaining the first knot in instrument tying (Wittels), *gadgets*, 483
- Tendon, flexor
 - early mobilization of repaired flexor tendons within digital sheath using an internal profundus splint, experimental and clinical data (Hester et al), 187
- Tendon injuries
 - early mobilization of repaired flexor tendons within digital sheath using an internal profundus splint, experimental and clinical data (Hester et al), 187
- Tendon transplantation
 - restoration of function and balance in wrist and hand by tendon transfers (White), *milestones in modern plastic surgery*, 547
- Thoracotomy
 - latissimus dorsi musculocutaneous flap in postthoracotomy patient (Wiemer), *letter*, 301
- Thyroglossal duct cysts
 - plastic surgery quiz* (Minami), 297 (answers, 302)
- Tissue expanders
 - selective use of serial expansion in breast reconstruction (Powell), *letter*, 300

skin expansion to eliminate large scalp defects (Manders et al), 305

Tissue preservation

influence of dryness of the vessel on its patency (Takanagi and Ota), 525

Toes

neurovascular island flaps from the plantar vessels and nerves for foot reconstruction (Colen and Buncke), 327

Transplantation, heterologous

processed bovine cartilage, an improved biosynthetic implant for contour defects (Ersek et al), 397

Transplantation, homologous

prolonged survival of human-kidney homografts by immunosuppressive drug therapy (Murray et al), *milestones in modern plastic surgery*, 70

study of the vascularization of experimental bone grafts by means of radioactive phosphorus and the transparent chamber (Kiehn et al), *milestones in modern plastic surgery*, 287

use of cyclosporin A in allotransplantation of rat limbs (Kim et al), 249

Transverse abdominal island flap

abdominal wall competence in transverse abdominal island flap operations (Hartrampf), 139
 reply to Gandolfo (Scheffan), *letter*, 299
 transverse abdominal island flap (Gandolfo), *letter*, 299

Universal sterilization principle

universal sterilization principle and a corollary (Fumas), *gadgets*, 387

Velopharyngeal insufficiency

sphincter pharyngoplasty for correction of velopharyngeal incompetence (Stratoudakis and Bambace), 243

White, William L.

address at dinner honoring William L. White, M.D. (Goldwyn), 569

Wire fixation

technical aid in transoral wiring of mandibular fractures (Hickman and Beck), *gadgets*, 90

Wound healing

decrease in rate of wound contraction with the temporary skin substitute Biobrane (Frank et al), 519
 effects of protein malnutrition on wound contraction, an experimental study (Modolin et al), 428

Wounds, stab

benign sequelae of a transorbital stab wound, an unusual case report (Hickman), *case report*, 279

Wrist

restoration of function and balance in wrist and hand by tendon transfers (White), *milestones in modern plastic surgery*, 547
